J Relax Massage Chair / Encounter the best of you

A THOUGHTFUL DESIGN THAT MEETS YOUR BODY'S NEEDS

A warming and relaxing air cushion massage around the spine to recreate the warmth and comfort of lying on your bed. Paired with 3D surround speakers, get ready for a relaxing journey for the body and mind.

Air Cushion

Surrounding whole body muscles gently from shoulders to toes, reaching all areas with the massage rollers to reduce stress and promote full-body relaxation.

Warm And Relaxing Spine Massage

The warm massage helps relax the muscles and enhances local blood circulation to soothe general discomfort.

Enjoy An Exclusive Feast For The Ears With 3D Surround Sound

Relax and immerse yourself in your favourite music with a Bluetooth-connected phone or tablet.

6 PROFESSIONAL MASSAGE PROGRAMMES ONE-TOUCH CONTROL

- Soothe and stretch
- Revitalizing
- Relaxation
- Full-body massage
- Shoulder-focused
- Spine-focused

ELEGANT DESIGN WITH ZERO WALL DISTANCE TECHNOLOGY

Using the finest materials, this stylishly designed massage chair will match the décor of your home, showcasing its extraordinary craftsmanship.

Unique zero wall distance technology that requires only 5 cm of space between the massage chair and the wall. Compared to other massage chairs which usually require 60-80 cm space, this massage chair can be arranged freely without space limitations.

Extra-wide foot & calf unit available to cater the needs of all body types.

Additional 18cm width

INTELLIGENT AUTO-BODY SHAPE & SHOULDER POSITION DETECTION PERSONALIZED MASSAGE EXPERIENCE

Apart from its automatic shoulder position detection function, you can fine-tune the position of your shoulder massage in 10 settings to enjoy a personalized experience.

THE PIONEERING VISION OF JAPANESE DESIGN & MASSAGE TECHNIQUES BRING YOU AN EXCLUSIVE RELAXATION EXPERIENCE

An immersive & humanized full-body massage deliver relaxation to the head, shoulders, lower back, butt, thigh all the way down to the sole.

5 Massage Techniques

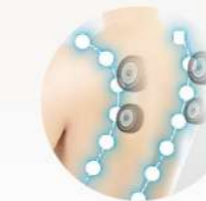

Combining a variety of massage techniques and lifting motion to simulate a massage by human hands.

Full Back Massage
Reduce tension

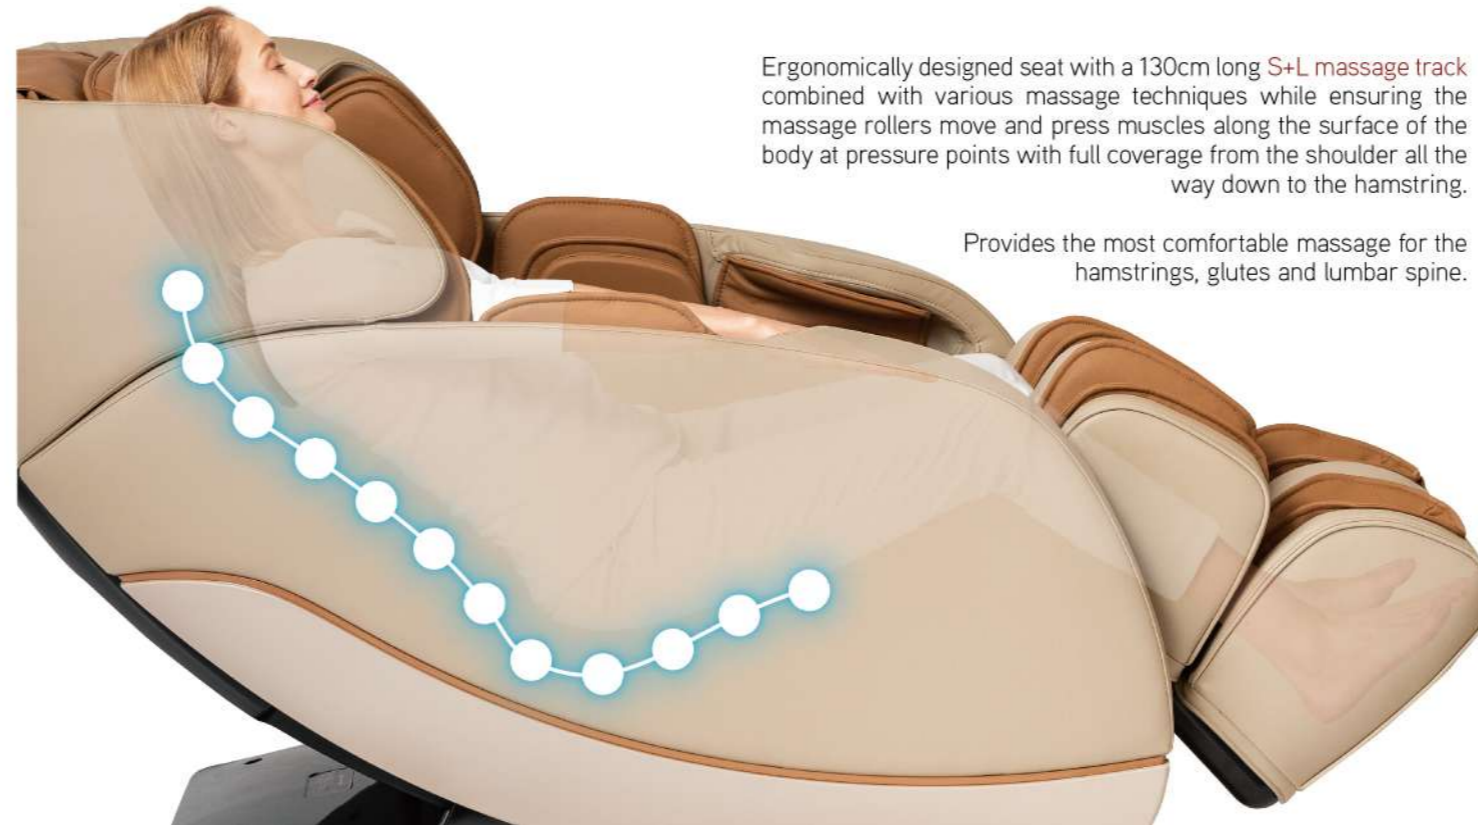

Lower Back Massage
Boost body mobility

Targeted Neck Massage
Relieve body stress & tension

Personalize 3 different width tailored to accommodate different body sizes for a more comfortable massage.

Ergonomically designed seat with a 130cm long S+L massage track combined with various massage techniques while ensuring the massage rollers move and press muscles along the surface of the body at pressure points with full coverage from the shoulder all the way down to the hamstring.

Provides the most comfortable massage for the hamstrings, glutes and lumbar spine.

ERGONOMIC ARMRESTS

The unique armrest design ensures the arms are at the most comfortable position while delivering a satisfying massage routine.

50% comfort level enhancement

U-Shape

C-Shape
Relief hand muscle

U + C-Shape
Full arm coverage for the smoothest massage

HEALTHY CALF & LEG MASSAGE

Massage the lower legs and feet gently and gradually to promote local blood circulation. Relieve stress and tension for deep relaxation. The kneading rollers massage the soles of the feet

Ottoman & Leg Massager

With multiple pressure points massage, our massage chair offers a better reflex relaxation experience compared to other massage chairs.

Leg & Calf Relax Air Cushion

The air cushion are positioned strategically to provide the optimal reflex relaxation while stimulating the circulatory system.

Approx 15cm extension

The foot rest can be extended by 15cm for a more comfortable fit.

ZERO GRAVITY CENTERING POSITION SYSTEM

The Zero Gravity Position is an innovation by NASA to reduce the pressure on astronauts during rocket launch.

Through their research into human physiology, NASA has developed reclining techniques that allows human body to reach the most comfortable posture to relieve stress on the spine.
